OEM | Associations |
Students | Govt. Agencies
| PSUs in Welding/
Fabrication/
Manufacturing Sector.

ABOUT THE EVENT

Scientific and engineering principles behind welding must replace the art of welding for it to achieve its potential as a preferred state of the art manufacturing process

Stakeholders of the welding industry will be provided a platform to understand interventions needed for the growth of the sector.

The programme will focus on the issues that each stakeholder faces with regard to skilling, knowledge exchange, issues in production, critical processes in manufacturing, moving towards Lean Manufacturing and Industry 4.0.

This year is the 3rd edition of the event.
